Front-end focused full stack developer with a passion for creating responsive, visually appealing, and user-friendly websites. My expertise encompasses a range of technologies, including HTML, CSS, Javascript, React.Js, Next.Js, Node.Js, Express.Js, C# with ASP.NET, and relational databases like PostgreSQL and MySQL. I am dedicated to delivering high-quality, functional web solutions that enhance user experience and drive engagement.

## EXPERIENCE

---

### Diela Beauty

- freelance work for a beauty salon located in the Netherlands

<https://www.dielabeauty.nl>

-site was built using React.Js, Next.Js and TailwindCSS

- SEO emphasized with near-perfect Lighthouse scores.
- Instant language selector using i18n that switches the page content from Dutch to English, to be accessible for customers who don't speak Dutch.
- Owner has stated that the language selector has attracted new non-speaking Dutch clients as a result.
